Free Plans to Build Napa Style Inspired Fair & Square Benches

Awhile back, I posted plans for the [Napa Style Inspired Fair & Square Game Table](#). Today, I am sharing the free plans to build the Napa Style Inspired Fair & Square benches to match and make the game night set complete! The lumber list contains materials for building two stools.

Step One

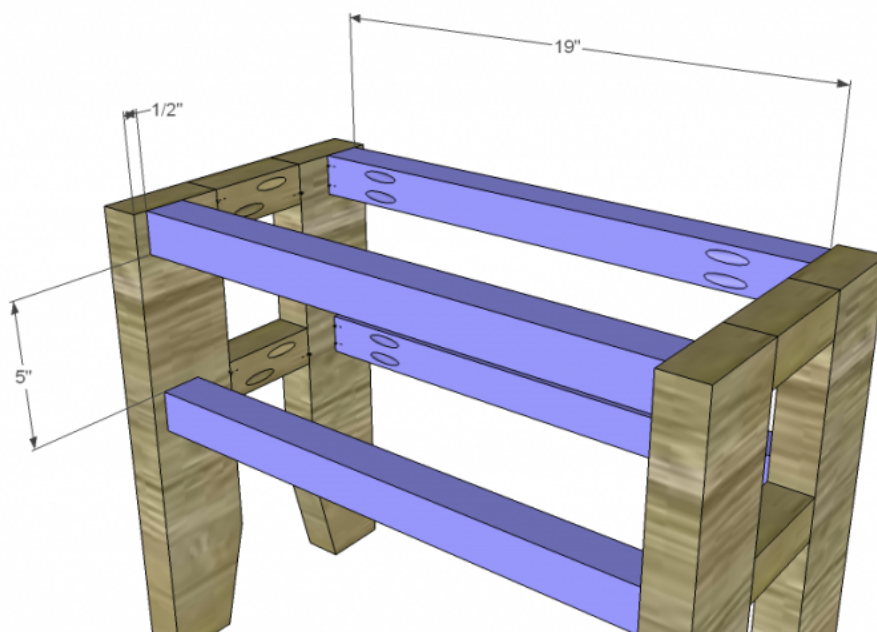

Cut the pieces for the legs and side frames. Cut the angle in the legs as shown using a jigsaw, circular saw, or miter saw. Attach the frame pieces to the legs using glue and pocket hole

screws. The pocket holes for the frame pieces may need to be staggered because the piece is so small!

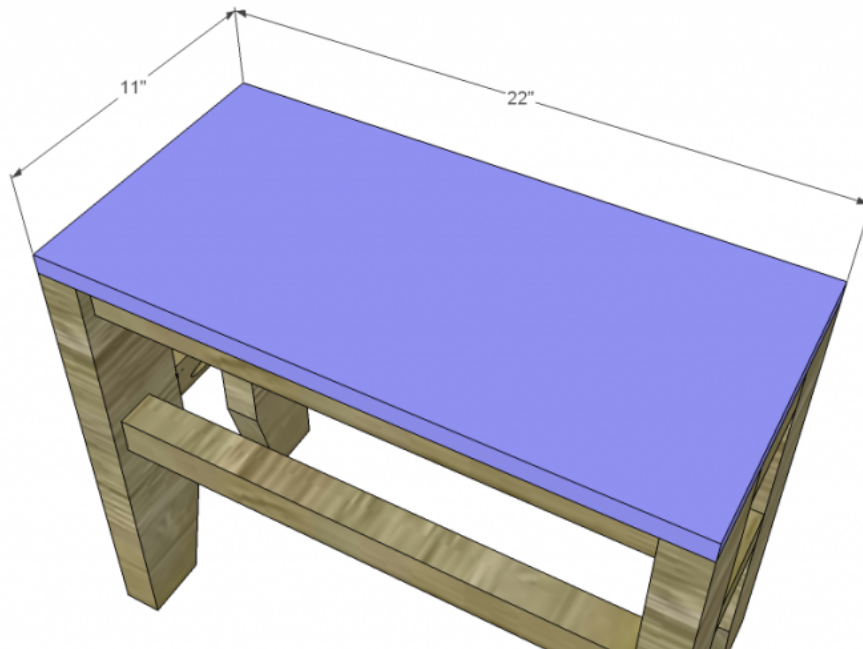

Step Two

Cut the pieces for the aprons. The aprons will be positioned 1/2" back from the front face of the legs. Attach to the side frames using glue and pocket hole screws.

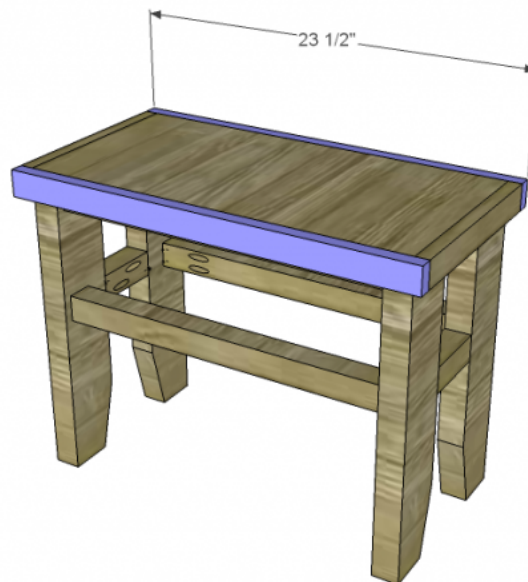

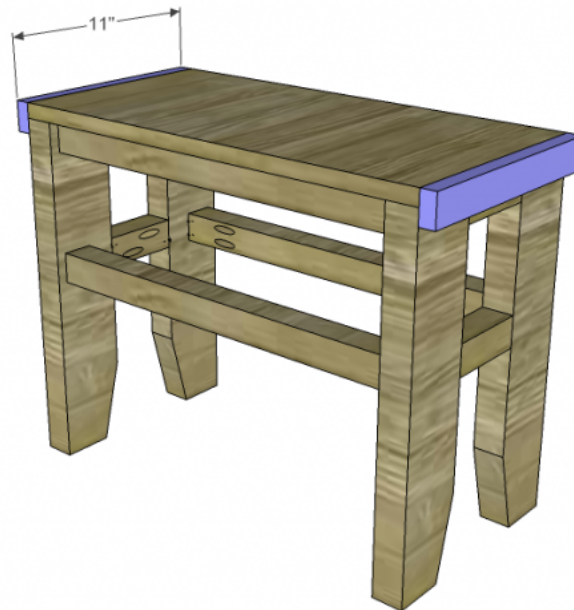

Step Three

Cut the pieces for the seat. Attach the seat using glue and brad nails through the top of the seat into the legs, aprons, and frame pieces.

Step Four

Cut the pieces for the seat aprons. Attach the side aprons first using glue and brad nails, then attach the long aprons.

Finish as desired.

These free plans to build Napa Style inspired Fair & Square benches would also be perfect by themselves (without the game table) in the garden, on the porch, or even in a mudroom! They are also great plans for those new to woodworking and would be a great weekend project!
